**Double Duty**

"You have to give your constituents what they want," remarked the sympathetic friend.

"The job's harder than that," answered Senator Sorghum. "For purposes of future reference, in case their ideas go wrong, I have to try to educate them in what they ought to have."

**Fibious Fish Stories**

"Can any of you," the teacher asked, "tell me what amphibious means, and give a sentence to illustrate?"

A bright little boy held up his hand?"

"I know, sir. It's fibbing. Most fish stories am fibious."

**Applause Always Due**

"I have one friend," said Senator Sorghum, "who is always sure to win the plaudits of the crowd."

"To what party does he belong?"

"He isn't a fellow statesman. He's a circus clown."

**Roosevelt Is Renominated by Acclaim**

FRANKLIN D. ROOSEVELT was renominated for president by acclaim by the Democratic national convention in Philadelphia, preserving the convention's 100 votes on the first ballot. Vice President John N. Garner was renominated for that position by acclaim.

"Yes," replied Sam, "We have a way of breaking it when a tenderfoot and gets to wonderin' by."

**Farm Income Up 90 Per Cent, A. A. A. Report Sets Forth**

AN INCREASE of 90 per cent in the cash farm income on cotton, wheat, tobacco, corn and hogs from 1932 to 1935 was recorded under the Agricultural Adjustment act, invalidated by the Supreme court last January, according to the annual report of Chester C. Davis, former administrator, made public in Washington.

Cash farm income from these five major farm products which came under production control, rental and benefit payments was $1,365,000,000 in 1932, the year before the AAA became operative. For 1935 it was $2,593,000,000.

Chester Davis

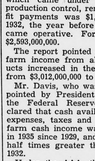
The report pointed out that cash farm income from all other products increased in the same period from $3,012,000,000 to $4,307,000,000.

Mr. Davis, who was recently appointed by President Roosevelt to the Federal Reserve board, declared that cash available for living expenses, taxes and interest from farm cash income was the highest in 1935 since 1929, and two and one-half times greater than it was in 1932.

Under the AAA, the report sets forth, rental and benefit payments accounted for one-fourth of the increase in all cash farm income from $4,377,000,000 in 1932 to $6,900,000,000 in 1935.

**Gov. Landon Makes Plans for Notification Speech**

ESTES PARK, Colo., Gov. Alfred M. Landon, Republican Presidential nominee, continued his vacation begun with his family the week before and made plans for reconvening of the Kansas legislature and for the acceptance speech he will deliver in Topeka on July 23.



Gov. Landon

Although Governor Landon was resting preparatory to the rigors of the campaign, affairs of his state and conferences with political advisers occupied considerable of his attention.

When the Kansas legislature reconvenes a proposed amendment to the state constitution will be introduced, giving the state broad power to provide far-reaching legislation for social welfare and to co-operate with the federal government. Governor Landon was quoted as describing the proposed amendment as "satisfactory."

The amendment, which may be the basis for similar action in other states, reads:

"Nothing contained in this constitution shall be construed to limit the power of the legislature to enact laws providing for financial assistance to aid infirm or dependent persons; for the public health; unemployment compensation and general social security and providing for the payment thereof by tax or otherwise and to receive aid from the federal government therefor."

Charles P. Taft and Ralph W. Robey, two members of his research and advisory staff, were scheduled to join the Republican Presidential nominee and to provide him with further data for the notification ceremony speech—the first major political statement since his Cleveland nomination.

In the meantime, John Hamilton, newly elected chairman of the Republican National committee, was on a tour of the East conferring with political leaders.

**Strikes in Provinces Continue French Unrest**

PERSISTENCE of strikes in the provinces kept France in a state of unrest. A gain of 225,000 new members was reported by the general confederation of labor, organized labor's official body.

Altogether it was estimated that 100,000 workers were still absent from their jobs, in spite of reports of strike settlements in scattered sections throughout the country.

The French Riviera witnessed a general exodus of foreign tourists from 450 hotels and resorts following a lockout by the proprietors. The hotels were closed indefinitely after the employers declared they could not meet workers' demands for more pay and shorter hours. This retaliation by the owners against the threat of a workers' strike upset the summer tourist season, one of the most profitable to the French.

**Severe Drouth Damage Brings Federal Action**

WITH thousands of acres of spring wheat destroyed through drouth and with vast corn-growing regions threatened, the federal government undertook a comprehensive campaign to alleviate human distress and property loss, and stricken areas were placed in the hands of a special drouth committee by Secretary of Agriculture Wallace, with instructions to proceed immediately with a plan of co-ordination.

Secretary Wallace named Jess W. Tapp, assistant agricultural adjustment administrator, as chairman of the committee. Four others appointed were: C. W. Warburton, director of the Agricultural Extension Service: Hugh H. Bennett, chief of the Soil Conservation Service; A. G. Black, chief of the Bureau of Agricultural Economics; and W. F. Callender, assistant agricultural adjustment administrator. Joseph L. Bailey, assistant resettlement administrator, will also serve with the committee.

The committee's attention was turned immediately to drouth conditions and relief need in North Dakota, South Dakota, Minnesota, Montana and Wyoming, but officials were watching anxiously the increasing drouth damage in South Carolina, Georgia, Tennessee and parts of Kentucky, Alabama, Mississippi and Arkansas.

The work of six government agencies will be supervised and co-ordinated by the committee in its work on drouth relief. These are: the Agricultural Adjustment Administration, the Public Works Administration, the Federal Surplus Commodities corporation, the Rural Resettlement Administration, the Relief Administration, and Rural Rehabilitation and Soil Conservation Service.

**League of Nations Meets to Lift Sanctions**

WHILE representatives of leading powers gathered in Geneva to lift League of Nations economic sanctions against Italy and the refugee emperor, Haile Selassie, of Ethiopia prepared to plead the cause of his nation's freedom, European statesmen considered the possibility of a reorgan ization and reformation of the League.

Haile Selassie

Observers agreed that while informal discussions on the League reformation would be held, it was probable that the question of reorganizing the international past body would be postponed until September.

**Steel Industry Resists Drive for Unionization**

DEFYING a drive to force unionization of its 500,000 workers, the steel industry in a strongly worded statement issued by the American Iron and Steel Institute declared "it will oppose any attempt to compel its employees to join a union or pay tribute for the right to work."

Although the statement did not mention him by name, it was regarded by observers as the first official response to the recent announcement by John L. Lewis, president of the United Mine Workers of America, of a campaign to unionize steel employees.

In order to prevent the "closed shop," the industry said it "will use its resources to the best of its ability to protect its employees and their families from intimidation, coercion and violence and to aid them in maintaining collective bargaining free from interference from any source."

Reasserting its belief in the principles of collective bargaining, the industry's statement pointed out that employees now pick their own representatives for collective bargaining by secret ballot. The statement declares:

"The steel industry is recovering from six years of depression and huge losses and the employees are beginning to receive the benefit of increased operations. Any interruption of the forward movement will seriously injure the employees and their families and all business dependent upon the industry and will endanger the welfare of the country."

**International Conference Seeks Mediterranean Peace**

MEETING in Montreaux, Switzerland, an international conference sought settlement of military and naval problems in the Mediterranean. The conference had been called by the powers as a result of Turkey's request to fortify the Dardanelles, which were demilitarized under the Lausanne treaty of 1923.

The possible threat of Russia's growing naval strength caused an alignment of the British and Japanese. Japan announced it was willing to accept any limitation on Japanese warships authorized to enter the Black sea, providing similar restrictions were placed on Russian warships leaving it. Britain was believed to be supporting Japan's position.

Russia demanded free westward passage of warships and submarines out of the Black sea through the Dardanelles, adding she was unable to see why other powers not bordering on this body of water desired unlimited passage to it.

## A Few Little Smiles

**SIR ISAAC GOT THE BREAKS**

The teacher was trying to impress on the children how important had been the discovery of the law of gravitation.

"Sir Isaac Newton was sitting on the ground looking at a tree. An apple fell on his head and from that he discovered gravitation. Just think, children," she added, "isn't that wonderful?"

The inevitable small boy replied: "Yes'm, an' if he had been settin' in school lookin' at his books, he wouldn't have discovered nothin'." —Santa Fe Magazine.

**GIDDAP!**

"Jim Haytossel says as how he allus pays as he goes."

"Well, if you'll notice he's chairbound most of the time."

**Would Be Better!**

The warden of a prison was inclined to overdo the facilities for enjoyment which he gave his prisoners. Despite numerous reforms, the convicts were still dissatisfied.

"Say, you guys," he told them, angrily. "I've given you movies and baseball and everything else I can think of. What do you want now?"

"Well, warden," said a voice, "what about a cross-country run?"

**Right Idea**

"I think the Chinese have the right idea of it," commented the old-fashioned businessman.

"How's that?" inquired a neighbor.

"They don't care who runs the country so long as business is good."

**Intellectual Demand**

"Do you find an intellectual interest in politics?"

"Decidedly," answered Miss Cayenne. "It requires more study to score an election from start to finish than it does to koop the run of contract bridge."

**More Grief**

Bill—I'll surely be glad when that exam is over tomorrow.

Tom—Oh, didn't you know it had been put off till Thursday?

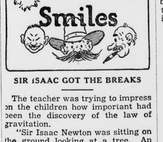
Bill—Till Thursday? Good night! Do I have to remember all this stuff for three more days?

**The Usual Fee**

First Doctor—Then we decide not to operate?

Second Doctor—Yes. What do you think we ought to charge him for deciding not to operate?

**JUST RIGHT**



"A physician says that yawning is caused by an under supply of fresh air."

"That's right—also by an oversupply of hot air."

**In His Own Language**

A judge entered the street car.

"How are you this morning, judge?"

"Fine, fine; and how are you?"

"Fare," answered the man in uni form.

**Hasn't Aged a Bit**

Host (doing the honors)—And that is a portrait of my great-great-grandfather.

Visitor — Wonderful! Why he doesn't look any older than you!

**Old Familiar Melodies**

"Don you love the old familiar melodies?"

"I'm growing tired of them," answered Miss Cayenne. "I can't help wishing more of the radio composers would do something original."

**A Contingent Proposition**

"What's that new structure you have put on the hill there?"

"Well," replied Farmer Corntossel, "if I rent it this summer, it's a bungalow. If I don't, it's a
